

(May Peace & Blessings Of Allah(swt) Be On Us All)

Allah(swt) Knows You

NOW, VERILY, it is We who have created man, and We know what his innermost self whispers within him: for We are closer to him than his neck-vein (16)

Behold, two (guardian angels) appointed to learn (his doings) learn (and noted them), one sitting on the right and one on the left. (17)

Not even a word can he utter but there is a watcher with him, ever-present.

(Al Quran Chapter 50 Verses 16- 18)

And If you are in Doubt

Then be known that it is written in the Book that is 100 % right in telling you how you looked like in your mother's womb when you were in embryological form, just realize who else except the Creator could have seen humans at that stage of birth whereas the first microscope was invented hundreds of years later.

Allah(swt) has surely seen you then and He is surely seeing you NOW

Read the Book of Creator Almighty Allah(swt) to know more about Him and about Yourself
