Verily! In the creation of the heavens and the earth, and in the alternation of night and day, there are indeed signs for men of understanding

(Al Quran Chapter 3 Verse 190)

بے شک آسمانوں اور زمین کی پیدائش اور رات اور دن کے بدل بدل کے آنے جانے میں عقل والوں کے لیے نشانیاں ہیں 3:190

in many verses of Quran like the one above  
it is said that there is a sign of God in  
turning of Days & Nights

we have seen so many Days & Nights  
can we really see a sign of God  
let's explore

now everyone of us knows that  
earth revolves round its axis and completes  
a cycle in every 24 hours

the side of earth towards sun gets a Day  
and the opposite gets a Night

the earth never stops revolving  
and sun is never late in rising up to make another Day  
this is continuing for thousands of years

the sign of God is in a Question  
and that is, why the earth does not stop and  
what will happen if it would stop

**the answer is that the one telling you this as a sign is keeping it to continue**
