

(May Peace & Blessings Of Allah(swt) Be On Us All)

SIGN IN SURVIVAL

لَا الشَّمْسُ يَنْبَغِي لَهَا أَنْ تُدْرِكَ الْقَمَرَ وَلَا اللَّيْلُ سَابِقُ

النَّهَارِ وَكُلٌّ فِي فَلَكٍ يَسْبَحُونَ
36:40

نہ تو سورج ہی سے ہوسکتا ہے کہ چاند کو جا پکڑے اور نہ رات ہی دن سے پہلے آسکتی
ہے۔ اور سب اپنے اپنے دائرے میں تیر رہے ہیں 36:40

it is not permitted to the Sun to catch up the Moon,
nor can the Night outstrip the Day: Each (just) swims along in
(its own) orbit (according to Law)

(Al Quran Chapter 36 Verses 40)

the planet Earth that we live on
is one of the billions of planets in this universe
and is spinning at a speed of 0.5 KM / Second round its own axis

and is continuously running at
a speed of 30 KMs / Second around the sun

and with it our Solar System is moving at
a speed of 250 km/sec around the Milky Way Galaxy

yet the earth remains
under our feet and the skies above to protect us
from an ever going shower of meteoroids from outer space

what if they would stop
what if the Sun would come closer or would go away from us
why there is no change in speeds and distances since thousands of years

in our survival there is a sign of
Allah(swt)the One who created these objects
the One who is telling in above verse that they can't go against the rules

READ QURAN THERE ARE MORE SIGNS OF ALLAH(SWT) IN IT FOR THOSE WHO BELIEVE
