

(May Peace & Blessings Of Allah(swt) Be On Us All)

TRUTH ABOUT UNREACHABLE

فَلَا أُقْسِمُ بِمَوَاقِعِ النُّجُومِ 56:75 وَإِنَّهُ لَقَسَمٌ لِّو تَعْلَمُونَ عَظِيمٌ 56:76 إِنَّهُ لَقُرْآنٌ

كَرِيمٌ 56:77 فِي كِتَابٍ مَّكْنُونٍ 56:78 لَا يَمَسُّهُ إِلَّا الْمُطَهَّرُونَ 56:79

پھر میں تاروں کے ڈوبنے کی قسم کھاتا ہوں 56:75 اور اگر تم سمجھو تو یہ بڑی قسم
ہے 56:76 کہ یہ بڑے رتبے کا قرآن ہے 56:77 جو کتاب محفوظ میں (لکھا ہوا ہے) 56:78
اس کو وہی باتھ لگاتے ہیں جو پاک ہیں 56:79

But nay! I swear by the falling of stars; (75) And verily, that is indeed a great oath,
if you may know(76) That this is indeed a Qur'an Most Honorable, (77)
In Book well-guarded,(78) Which none shall touch but those who are clean:56:79
(Al Quran Chapter 56 Verses 75 -79)

above verse takes oath
on falling of stars and it is said
that this is a great oath if you may know
let's see what is great about it

for centuries we did not even have the slightest idea of what it meant
then in 20th Century, 13 Centuries after revelation of this verse
we came to know where the stars fall
they fall into black holes

black holes are the graveyards of stars
once a star is pulled towards it, then there is no escape
nothing escapes from a black hole not even the light particles
that's why it is called a black hole

it is important to realize that
the verse talks about something that
does exist but cannot be reached
and
then it relates to Quran as the most Honorable book
the original manuscript that is being guarded by faithful Angels
and it is said that no one else can reach it

Now Feel The Greatness Of This Oath, Reachability To Quran Is Related With Extreme Impossibility
